

## **KWPS ~ YELLOW PAGES 17TH MAY 2019**

### **Well Done ~ Year 6!**

Huge congratulations to the children in Y6 who have worked so very hard throughout all of their SATs tests this week and indeed in the preceding weeks. They should be very proud of the resilience they have shown and their determined approach to do their very best during the tests.

Despite this commitment to achieving their best, it has been lovely to see what a relaxed atmosphere there was each morning in the Year 6 classroom, with the children chatting over a cup of tea and toast in their slippers! Very well done to every single one of them!

### **Cake Sale ~ Wednesday 22nd May**

Y6 were delighted to find out yesterday that our end of year production will be 'Wind in the Willows.' Some Year 6 children and staff will be baking cakes to sell next Wednesday morning to raise funds towards the cost of the costumes. These will be on sale for 50p and to both Infants and Juniors. Any cakes left over will be on sale in the playground at the end of the day.

Please note 50p is the maximum that can be brought in. Thank you for your support.

### **PE Kits and Names in Clothing**

Another plea for all clothing especially jumpers and cardigans to be **named please**. We still have a number of children without PE kits. These are used every week and the Juniors will need to ensure their kit is in school after the holidays, ready for Sports Day on Thursday 6th June.

### **Congratulations**

I was so proud to hear how well so many of our children played in the Hogan Cup and Plate Finals at AFC Fylde last Sunday—very well done!

### **Well Done ~ Year 2!**

Year 2 have also been completing their SATs this week and they too have been working extremely hard and should be proud of themselves.

### **Slapped Cheek Virus**

The slapped cheek virus does seem to be quite prevalent at the moment. It appears to be starting with a rash followed a day or so later by one or two red cheeks. More information can be found on the link: <https://www.nhs.uk/conditions/slapped-cheek-syndrome/>

Please note by the time the `slapped cheek` appears it is no longer contagious and therefore there is no need to keep your child off school unless they are poorly with it.

### **'Walk to School Week' ~ 20th-24th May**

Did you know that 20 years ago 70% of children walked to school and nowadays it is less than half this amount? Clearly there are lots of benefits to walking to school including reducing the pollution and congestion levels around school and boosting fitness. Therefore we will be taking part in National Walk to School Week which starts next Monday.

Any pupil who walks to school for at least 3 of the 4 days will receive a special 'walk to school' badge. We do recognise that some children travel a long way to school or parents may then be driving to work. Therefore rather than walking all the way they could do 'park and stride' where they park and walk some of the way to school. Children travelling on bikes and scooters are also classed as 'walking to school'. Thank you for your support with this.

**Good luck to AFC Fylde who are at Wembley this Sunday.**

**School closes normal time on Thursday 23rd May**
